

Area Sales Engineer (Midlands, Southwest & Wales)

HUESKER UK Limited is seeking a proactive and commercially minded **Area Engineer** to support the development and application of HUESKER's geosynthetic solutions across the Midlands, Southwest, and Wales.

This is an exciting opportunity for a technically focused engineer with a background in geotechnical, geoenvironmental, environmental, or marine engineering to apply their knowledge in real-world projects across diverse civil engineering sectors, including:

- Earthworks and Foundations
- Roads and Pavements
- Hydraulic and Environmental Engineering

Key Responsibilities:

- Provide technical support and advice to consultants, contractors, and clients on HUESKER products and design applications.
- Conduct site visits, project meetings, and technical presentations to demonstrate product capabilities and assist with design recommendations.
- Identify and develop new project opportunities through technical engagement and relationship building.
- Represent HUESKER at regional industry events, exhibitions, and CPD seminars.
- Manage projects and enquiries within your region, ensuring consistent follow-up and support through to delivery.

Your Profile:

We're looking for a motivated engineer who enjoys combining technical problem-solving with real-world project interaction:

- Degree-qualified in Civil, Geotechnical, Geoenvironmental, Environmental, or Hydraulic/Marine Engineering (or a related discipline).
- Minimum of 2 years' experience in a consultancy role or working directly with geosynthetics.
- Strong communication and presentation skills, with confidence in engaging both technical and non-technical audiences.
- An engineer with an interest in business development and the commercial side of the civil engineering industry.
- Self-motivated and able to work independently, with regular travel across the region.
- Full UK driving licence.

What We Offer:

- Competitive salary and performance-related bonus
- Company vehicle or car allowance
- Contributory pension scheme and private health insurance
- Mentoring and structured technical development from experienced engineers within HUESKER's international network
- Excellent prospects for career progression within a global organisation
- Supportive, collaborative working environment

How to Apply:

If you're ready to take the next step in your engineering career and join a respected international company, please send your CV to: **jackie.williams@HUESKER.co.uk**

Deadline date: Friday 28th November 2025
